Graduate Identification Data

2021 BPPE Annual Report - Institution - Graduate Identification Data

New Reporting Requirement: California Education Code section 94892.6 requires that institutions approved to operate by the Bureau collect, retain, and report specified information about each graduate completing a program on or after January 1, 2020. This includes identifying information for each graduate along with information about the program from which they graduated and the amount of student loan debt borrowed.

Pursuant to Title 5, California Code of Regulations section 74110, beginning in 2022 institutions will report this information to the Bureau annually through the Annual Report submission process. In the first reporting year, institutions shall provide information for each student who graduated from the institution's education program(s) between January 1, 2020 and December 31, 2021. In subsequent reporting years, institutions will report information only for students who graduated in the prior calendar year.

The AR_LaborMarketData_2021 reporting template linked below includes details about the data required to be reported for each student who graduated from the institution's education program(s) between January 1, 2020 and December 31, 2021. Click on the link to the template and save to your computer to fill out. After adding the required information to the "Data" tab, press the "Select files" button at the bottom of the portal Graduate Identification Data page to upload and attach your completed AR_LaborMarketData_2021 report to the institution's Annual Report submission. Uploaded files must be Excel or CSV formats.

Please contact Jennifer Jones (Jennifer.jones@dca.ca.gov) with questions about this requirement.
